

Duxford Hospitality – Air Shows 2007

The Museum

The Imperial War Museum Duxford is the premier aviation museum in Europe. The six hangars of aviation exhibits tell the story of modern air power, including the Foster-built, award-winning American Air Museum and the new £25million refit of our British and Commonwealth collection, *AirSpace*. The restoration and conservation of both museum

exhibits and airworthy aircraft by private owners is one of the unique attractions of this famous and historic site.

The world-class air shows are internationally renowned and attended. For over thirty years, the air shows at Duxford have thrilled audiences with aerial extravaganzas and unique aircraft.

Flying Legends 2007

Saturday 7th and Sunday 8th July 2007

'Flying Legends', produced in partnership with the Duxford based Fighter Collection, is one of the world's great air shows and draws an international audience of aircraft lovers and aviation enthusiasts. The event showcases piston-engined aircraft from the Second World War era and culminates in a mass flypast, or Balbo, when up to 30 warbirds take to the skies.

Duxford 2007

Saturday 8th and Sunday 9th September 2007

The Duxford air show is a great family day out, with a wide ranging display of Spitfires and classic British aircraft as well as the best of the RAF display teams, vintage jets, family favourites and exciting aerobatic displays.

The Hospitality

Our air show hospitality is a great way to entertain clients or staff with our combination of informal entertainment and superior hospitality for any number of guests, from two to two hundred.
